The first installment of grant of Rs. 500000/- was received in March 2022 and remaining amount of Rs. 1000000 was released in January 2023 through PFMS. There was confusion about funds allocation as it all came under a single category unlike previous years when there were separate categories for Recurring and Non-recurring funds. Due to the lack of funds in FY 2021-22 training couldn't commence leading to shortfall in training. The approval of operation plan from NITTTR Chandigarh (Nodal Agency) was received in the month of June 2022 for FY 2022-23 which serve as guideline document for funds spending and all funds are utilized as per operation plan approved by the NITTTR Chandigarh only. Further due to Covid-19, there was lack of interest among trainees, there is no any stipend to the trainees in this scheme. However, there are multiple schemes of GOI which are very lucrative, hence students opt for those schemes.
